Special to The Washington Herald. Cumberland, Md., April 4.-At the session of the Baltimore Conference, Method-ist Episcopal Church, to-day, the most animated feature was involved in the dis-cussion of a resolution to help the poorly paid preacher. The resolution was of-fered by Rev. Dr. C. H. Richardson, pasof St. Paul's Church, Hagerstown, and it asks that the amount to be paid from the sustentation fund to ministers deficient in salaries be increased from \$700 celebration of the golden jubilee of St. to \$800 in the case of married men, and

to \$500 in the case of married men, and from \$400 to \$500 in the case of single men. It was adopted.

Rev. Dr. H. S. France, in support of the resolution, said he did not know how these men lived on a maximum of \$700 and supported their families. Men who were measured out the smallest stipends in the whole conference, however, in many instances, achieved the greatest results. Rev. C. A. Jones, of Monroe Street Church, Baltimore, was emphatic. He referred to preachers who live on the fat of ferred to preachers who live on the fat of the land, and do no more than those who barely exist. Dr. C. W. Baldwin moved that conditions be brought to the atten tion of the laymen association, which meets to-morrow, with the view to getting their co-operation toward getting an reased appropriation for the support
